

Clinical Quality Registries Masterclass 2024

19th June – 21st June 2024 • Aalborg University CREATE, Rendsburggade 14, 9000 Aalborg

Are you involved in clinical quality improvement and clinical quality registries?

- Then use this opportunity to update and expand your knowledge about quality improvement using clinical quality registries and interact with international colleagues while enjoying cultural experiences in Aalborg and the beautiful surroundings in Northern Jutland.

On behalf of the Danish Centre for Health Services Research – Aalborg University, the Danish Clinical Quality Program and the Danish Society for Quality in Health Sectors, we are delighted to announce that the 1st annual Clinical Quality Registries Masterclass will take place in June 2024.

The organisers are senior experts on their topics with extensive experience. They will – in interaction with the participants – provide a comprehensive and practically oriented take and new perspectives on the central themes within clinical quality improvement based on clinical quality registries.

The masterclass will be a combination of lectures and interactive workshops. You are expected to play an active part and contribute with your own experiences and reflections in the discussions and group work. Participants should have a few years of experience in working with clinical registries. In the masterclass we are all both teachers and students.

Organisers: Søren Paaske Johnsen (DK), Henrik Møller (DK), Jens Winther Jensen (DK), Martin Bøgsted (DK), Jan Mainz (DK), Jan Brink Valentin (DK), Gunilla Jacobsson Ekman (SWE), Eva Stensland (NOR) and Alexander Katalinic (GER).

Course content

Obtaining data for clinical quality registries – assessing data sources and data validity

Reporting data from clinical registries – how to build an interactive reporting system

Methods and considerations regarding biostatistics and process engineering

Future perspectives on clinical quality – where are we going, and how can AI assist us?

Other themes on the initiative of participants in the masterclass

The registration fee is 150 euro. Express your interest in participation as soon as possible and no later than 1st April 2024 via email kathrinehald@dcm.aau.dk

The maximum capacity is 25 participants.
